Plaza

modular frame system

The Plaza modular frame system is an office solution that is simple yet charismatic, with infinite possibilities.

It comprises a sturdy & light-weight frame with both intelligent & simple construction.

Plaza features 50mm square tube legs with adjustable feet for levelling & 6mm sleek shadow line between worktop & frame.

Offering a multifunctional solution to suit a workspace for either concentration or collaboration.

Compatible with a range of worktops, panel solutions & accessories

Designed in Australia by DDK for Australian workspaces.
